? Scale

Non Theme Contest Winners

First Place

Al Hubert

Italeri JU-87 B2
1/72 Scale

Second Place

Dave Ball

Accurate Miniatures P-51B
1/48 Scale

NEW PAINT LINE ANNOUNCED

Mike Guest, owner of Wings Wheels and Waves hobby shop, with locations in Massillon and Wooster, attended the October meeting to unveil his new line of hobby paints.

Mike has acquired the rights to the Model Car World paint line, and in addition to con-

tinuing the automotive oriented colors he is expanding into military and Federal Standard colors for the modeler.

These are plastic friendly lacquer paints that come thinned in the bottle for airbrush use. Mike plans to sell the paints in one ounce bottles for \$7.50. He had a sample selection of colors he has formulated already, and has plans to enlarge the selection of colors extensively in the coming months. He can formulate the paints in flat, semi-gloss and gloss finishes. The tank hull he is holding in the photo was painted in semi-gloss olive drab. The finish was opaque, complete and was very smooth, almost smooth enough for decals as is.

Wings Wheels and Waves is located at 125 Erie St. North in Massillon. Telephone 330 830-7755.

Find Mike on the net at www.wingswheelswaves.com

Fame Cities is Moving!

One year after being unceremoniously booted from our long time meeting place at Cutler Realty in North Canton, Fame Cities is moving it's meeting venue again - voluntarily this time. Beginning in January 2016 our meetings will be held at the Acme Fresh Market in North Canton, just a stone's throw from our previous Cutler location.

As well as being a more convenient meeting location for our members to the north, this change allows us to revert back to our previous meeting schedule. Beginning in January, meetings will be held on **THIRD** Monday of the month at **6:30 PM**. This all but eliminates the problems with meeting/holiday clashes, and the rare but occasional February that doesn't have a fourth Monday.

Below is a map showing the new location, and, for reference, it's relationship to the Cutler office.

Important Notes

The January meeting will be held January 18, 2016 at 6:00 PM at the Acme location.

Enter the Acme facility through the North entrance, turn left and go toward the back of the store. The meeting room has a glass wall the looks onto the store, it's hard to miss.

NO FOOD or DRINK is allowed in the store. No exceptions.
